A Report on YOGA event

Acquiring life skills are an inevitable part in a student life. Yoga is one among the best life skills. Our Physical Director instructed and students demonstrated some of the important integrating body and soul for a peaceful and stress-free living. He emphasised on the need of practicing yoga in everyday life. By practicing Yoga one can achieve physical, emotional psychological and social wellbeing.

He said young people in today's world need a skill set to pursue a meaningful career; they also need a set of psychological skills to do well in the society. Life skills are psycho-social competencies which allow students to recognize and process emotions and handle everyday issues. Yoga not only enhances physical stamina and flexibility but also emotional stability, intellectual and creative talents.

Demonstrating Asana to the students

The event went on in a more participatory way. Students and the staff who attend the program enlightened on the practice of Yoga and they promised to make as a daily routine in their lives.
