### A Report on "Basics on Web Technologies"

The in-depth knowledge of the presenter of the program helped the students to have a very good grip on HTML. He explained that HTML is important because it control all design related aspects of a website. Designs of papers, colors, page layout at any other virtual aspects of the website are all controlled by HTML.

### Resource person demonstrating "Basics on Web Technologies"

HTML is fundamental in web design. Without it, websites would still plain text on white background. It allowed several innovations to webpage layout, such as the ability to Specify fonts other than the default for the web browser. Specify color end size of text and links. Apply colors to background. Contain webpage elements in boxes and float the boxes to specific position on the page. She also informed the students that HTML is easy to learn and understand but it provides powerful controls over the presentation of the HTML document.

At the end, the head of the Department offered a vote of thanks to all.

## A Report on "Generic data"

A seminar on Genetic Data Analysis was conducted for all Biological Science Students by our Resource Person Dr. G.Sailaja. She gave all the useful information related to Generic Data Analysis, its various applications, uses and job prospects for the students who have completed the course. Generic Data Analysis is the transformation of health care diagnosis, procedure, medical services and equipment into universal medical alphanumeric codes.

The diagnosis and procedure codes are taken from medical record documentation, such as transcription of physician's notes, laboratory and radiologic results etc. Generic Data Analysis professionals help ensure the codes are applied correctly the medical billing process.

## Resource person demonstrating the skill Activity

The total no. of students attended this program is 75. The HOD, Vice-Principal and other faculty members were also attended. The program ended with vote of thanks.

### A Report on YOGA event

Acquiring life skills is an inevitable part in a student life. Yoga is one among the best life skills. The event conductor **D.V.S. LAKSHMI** demonstrated some of the important integrating body and soul for a peaceful and stress-free living. She emphasised on the need of practicing yoga in everyday life. By practicing Yoga one can achieve physical, emotional psychological and social wellbeing.

She said young people in today's world need a skill set to pursue a meaningful career; they also need a set of psychological skills to do well in the society. Life skills are psycho-social competencies which allow students to recognize and process emotions and handle everyday issues. Yoga not only enhances physical stamina and flexibility but also emotional stability, intellectual and creative talents.

## Report of the Program

On 05-10-2022, a guest lecture on "A Workshop on Creative Writing" was held at Sri D.N.R Govt. Degree College For Women for students of the Bachelor of Science. The lecture was delivered by the Resource Person **Mr.V.Ramu**, Resource Person explaining to the students about A Workshop on Creative Writing.

Mr. V. Ramu spoke about what a as part of the guest lecture, student understood and gained knowledge about the A Workshop on Creative Writing which are useful in life. Students will read examples from each genre and discuss the craft elements demonstrated in each text. We will then go on to try our own hand at drafting and revising essay, poems, plays, and prose.

The lecture was followed by question and answer session. At the end, the head of the department offered a vote of thanks to all.
