

Department of Mathematics

Date:21/12/2021

Description: The department of Mathematics conducted a National level Quiz competition on Mathematics held at seminar hall on 21/12/2021, 3 P.M. Nearly 340 students registered for this event. E-Certificate provided the students who has qualified the test. And cash prizes announced the students who got highest mark.

Objective: The objective behind to organize the Quiz competition is to evaluate the knowledge of the student within the academic as well as beyond the academic and to make them familiar with the prospect of quizzes and the objectivity of the questions.

Outcome: The quiz helped students identify what they know and what they don't know. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice.

Department of physics

National webinar

National online webinar conducted on 12-11-2021 at 10.30 Am to 12.00 Noon in the principal chamber by department organised by department of physics and chemistry and Dr.L.Malleswarao acted as convener of Dr.G.Saliaja, department of chemistry acted as coordinator of this of the webinar Effects of Global warming and climate change.

About the National webinar:

India is extremely vulnerable to the important of climate events. Every year it faces extreme weather events in the form of floods and cyclones, which take lives, destroy homes and agriculture yields and results in large revenue losses. The importance of the Ocean in climate regulation places it at the peak of climate change. one of the earliest and most noticeable changes detected as a result of recent global warming has been an increase in extreme weather events. Over the last half century, weather patterns become more variable with more frequent and more intense rainfall events.

WHY IPR is important:

Originally Created by **Harvey Ball**
sold for \$45 never trademarked the design.

Today, **SmileyWorld** (Franklin Loufrani) owns the trademark, and makes over \$250 million a year.
