

**Sri DNR GDC(W)-Palakol**

**Department of Chemistry**

**GROUP DISCUSSION**

Dt:22/03/2022

No.of staff participated:01

No.of student participated:16

OBJECTIVE: To awareness of students about water pollution and sharing their ideas with collaborate and develop their thinking skills.

**DISCRIPTION:** The department of chemistry conducted Group discussion on 'Water pollution' under the celebrations of World water day on date 22/03/2022. Around total for groups are participated in this program in each group contains 3 members. They discuss about the water pollution their facts ,controlling measurements diseases public awareness etc.

OUTCOME: Students to collaborate their ideas about water pollution. Their thinking skills was developed.

DT: 22/03/2022

## Department of Chemistry 25

### Activity of Group Discussion

Date:- 22/03/2022 (World Water day)

Group:- II Bsc

Topic:- Water pollution.

participating students:-

- |                   |                          |
|-------------------|--------------------------|
| ① Ch. Bhavana     | ⑥ N. Divya               |
| ② G. Lavanya      | ⑦ S. Devi Bhavani        |
| ③ J. Vinela       | ⑧ Y. Teja Hounika eswari |
| ④ K. Haritha      | ⑨ A. pavani              |
| ⑤ N. Prema jyothi | ⑩ B. Dhakshayani         |
| ⑪ G. Karuna       | ⑪ T. Manasa              |
| ⑫ M. Krishnaveni  | ⑫ V. Subba lakshmi       |
| ⑬ N. Manju        | ⑬                        |
| ⑭ M. Bhagyassri   |                          |

Discussing points:-

- \* Water pollution is the gravest problems of today. Every year water pollution cause more deaths than all forms of violence, including war. The steps have been taken but the level problem has raised so much in recent years that the situation has gone beyond control.
- \* The biggest source of water pollution is industry effluents. With the establishment of industries at every possible place, the increasing number of industries has lead to increased levels of water pollution. The industry effluents are dumped in the water bodies without proper treatment.
- \* Agricultural runoff is another major cause of water pollution with use of pesticides, chemical fertilizers etc. The water that runoff from the ground to the rivers during rain (or) floods, make the water contaminated with these pesticides too leading numerous health problems.

- \* There is another cause of water pollution due to the treatment of domestic waste water in India. The problem depends with lack of sufficient treatment capacity and improper operation & regulation of sewage treatment plants that already exist.
- \* The coliform levels is another cause of this grave problem as the levels of coliform must be below 104 MPN/100 ml but the level of coliform is high in major water bodies like Yamuna, Gomti, Ghaggar, Ganga etc.
- \* Deforestation is another cause of water pollution.

### The conclusion:-

With the increased level of problem people have also realized that they are the only ones who are (or) will be suffering in future and therefore people have become aware of practices of conserving water.

Numerous campaigns, media messages and movements are being put into action frequently to aware people for the problem and encouraging them to stop the habit of polluting water.

### Student signatures → Feed back.

## **INTERNATIONAL COFFEE DAY**

Dt:01/10/2022.

No.of student participated:20

No.of staff participated:03

OBJECTIVE: Celebrations of International coffee day by the students.

DISCRIPTION: The department of chemistry conducted International coffee day celebrations on Dt:01/10/2022. International coffee day is an occasion that is used to promote and celebrate coffee as a beverage, with events now occurring in places around the world. The resource person is G. Manju lecturer in botany BGBS GDC, narsapuram. She gave the speech about the health benefits of coffee for students. Coffee enhances your physical performance, to loss weight ,reduces risks of Cancer, refreshes our mood, reduces the risk of stroke. Six students was participated in group discussion about the advantages and disadvantages of coffee. They discuss briefly about this topic. The resource person can act as a judge for this group discussion. Students discuss about advantages, disadvantages ,constituents, alkaloids, amines etc.

OUTCOME: students know the health benefits and the material properties that emerge from chemical imperfections of coffee. They know the main constituents of coffee are caffeine ,tannin, fixed oil ,carbohydrates and proteins.

## Activity of Group Discussion

Date:- 01/10/2022 (World coffee day)

Group:- I B.Sc (BZO)

Topic:- Advantages & Disadvantages of coffee.

participating students:-

- |                  |                     |
|------------------|---------------------|
| ① S. Sureshna    | ⑥ K. Saralaja       |
| ② M. Rohini      | ⑦ Ch. Saritha       |
| ③ M. Jahnavi     | ⑧ K. Teerani Dwaga  |
| ④ Ch. Sravani    | ⑨ Ch. priyanka      |
| ⑤ B. Geetha Rani | ⑩ M. VV. Harishitha |

### Discussing points:-

#### \* Advantages \*

\* Increase metabolism.

\* Beneficial for weight Management

\* potentially lowers the risk of depression.

\* May protect liver function.

\* Might be beneficial for heart health. (in less amounts)

\* Increase energy levels.

\* May help with type 2 diabetes.

\* May benefit brain health.

#### \* Disadvantages \*

\* Might be bad for the heart (in more amounts)

\* Can cause insomnia

\* Can cause anxiety.

\* potential to cause addiction.

\* Can worsen diarrhoea.

\* Not advisable for individuals with epilepsy.

\* Irritates gut

\* Makes bones more fragile.

### The conclusion:-

- Coffee is one of the most popular drinks in the world - consumed by all cultures and all races.
- Despite the high popularity, coffee has received mixed reviews on health benefits.
- Some studies have shown that coffee can be beneficial as a part of a healthy lifestyle, while others show that it may be harmful when taken to excess.
- \* Regardless, moderation is the key. upto 400 milligrams of Caffeine seems to be safe for most healthy adults. However individuals must also take into consideration their tolerance level and tolerance to caffeine.

**ACTIVITY : NATIONAL CONSUMER DAY [ESSAY WRITING AND ELOCUTION] 23-12-2021.**

**OBJECTIVE :** The objective of conducting national consumer day in colleges is to spread awareness to students about their consumers role and their importance and their rights and responsibilities .

## \* ESSAY WRITING

## \*ELOCUTION

### **\*PRIZE DISTRIBUTION**

**WINNERS : Essay writing 1<sup>st</sup> prize :P. Lavanya [III B.COM CA]**

**2<sup>nd</sup> prize: A. Bhumika [II B.COM CA]**

**Elocution 1<sup>st</sup> prize: K. Vagdevi [II B.COM G]**

**2<sup>nd</sup> prize: K. Gowthami [III B.COM G]**

**DESCRIPTION :**The essay writing and elocution competition was conducted to encourage the students skills towards the knowledge of consumer rights.

**OUTCOME:**As a result , the students participated actively in the competitions and shared their views towards consumer protection acts .

## ONEDAY WORKSHOP ON CONVERSATION

### SKILLS

Date:23-03-2022

**Objective:** Workshops provide a chance to interact with experts. workshops help the students to learn about latest information and new skills. They can improve their verbal communication.

**Description:** On 23.3.2022 English department has conducted oneday work shop on Conversation skills. By A Suresh Babu garu, who is a softskills trainer have 5 years of experience. He delivered his Speech about Conversation skills which are useful in our Conversations.He has delivered barriers to Conversation Skills like

1. Language barrier

2. Emotion/psychological

3. Physical barriers

4. Cultural Barrier 5. Semantic Barrier

and he also said that Conversation should be Consice and clear and Concrete. Mainly this skills are useful in our Communications In Debates, Group Discussion we discuss given topic as Conversation. He encourage students with his speech, and some students have performed, and said Conversation at Railway Station, Teacher student Conversation at classroom etc.

**out come:** All first year students of B.Sc, BA, BCom around 100 members have attended to this workshop. The Students have learnt Conversation stills, knowledge and attitudes, how they can participate in debates, discussions using skills of conversation, , encouraged

by the speech of guest and some students gave the oral presentation.

## Group Discussion on

General physics and applications

By

Department of physics

OBJECT :-

Today we have conducted the group discussion on general physics and applications by the Department of Physics,

### Description:-

To conduct the group discussion by the department of physics to improve and gain knowledge for students. The main reason of conducting these group discussion is to share and improve better communication skills from one to another.

All are enjoyed and happy to participate in the discussion, of sharing our communication skills. All B.Sc first and second year students are participated. There are 46 members are participate in this group discussion.

## Department of Political Science

**Dt: 22-02-2022.**

### **Subject:**

#### **The roller for women in Indian politics**

The department of political science conducted a group discussion program with the secondary students in their classroom at 3:00 p.m. The whole students of the class are divided into three groups.

Group 1 - K Mounisha, R N V Laxmi, P Mahima

Group 2 - M Keerti Prasanna, A Jahnavi, K Tulasi Durga

Group 3 - Ch Prameela Devi, K Sony, V Sumitha

### **Objectives of the program: The main object of program is:**

1. To encourage students to participate in discussion
2. To inculcate the spirit of discussion
3. To defeat the fairness of stage
4. To awake the spirit of subject
5. To discuss about the topic given

### **Outcome of program:**

The students are much interested to participate in the program .The program is helped the students how to practice or participate in the discussions they learn about women politicians in India .they much inspired about some leaders like Smt.Indira Gandhi, Sarojini Naidu, Mamita benerjee, Jayalalithaa etc.

Finally all the groups are discussed and agreed to increase the women leadership in India political system in future.
